**NOAH CHAISE-LONGUE**

\$2,360

## DESCRIPTION

Entirely crafted by hand, this chaise-longue is equally suitable for an indoor sunroom or an outdoor patio or poolside. The relaxed allure of this piece is given by its comfortable, asymmetric structure made of fabric from the Kieffer collection by Rubelli, supported by an open and airy frame that evokes the lines of a Brazilian hammock. It is possible to make the seat it in leather, a perfect choice for an elegant living room.
