NORITA/TH TABLE LAMP

\$520

DESCRIPTION

Part of the Norita series of elegant and timeless pieces, this table lamp is a superb addition to a modern or industrial interior. Either to illuminate a desk, to bring light to an entryway console, or to add a charming accent to a living room, this will be an eye-catching presence. Its body is crafted of brass with a satin finish that supports a steel bulb holder in a black matte finish. This lamp is class II IP20. The voltage is 220-240V/50Hz (max 6W LED S14d) with a Linestra 4W LED dim 220K 200LM bulb (included). Complete the design a 2m long cord and two .75 black PVC wires. For 110V bulbs not included.
