NOTREDAME LARGE GOLDEN WALL LAMP BY LUCA DE BONA & DARIO DE MEO

\$3,665

DESCRIPTION

Fashioned of golden technopolymer in an intricate openwork frame, this alluring wall lamp draws inspiration from the stained-glass windows from the Notre Dame Cathedral, capable of mesmerizing light effects. A 13W LED source (1520 lm, 3000-3500 K°) produces warm illumination through its disk-shaped diffuser, while an additional strip (3W) emphasizes the openwork design providing subtle back illumination. Other versions and colors available, please ask the Concierge for details.
