LIGHTING : SCONCES & WALL LAMPS

Toscot

NOVECENTO SCONCE

\$350

DESCRIPTION

Delicacy and harmony define this superb sconce. The antique habit of Tuscan farmers to gather in their yards during summer nights inspired this sophisticated piece in white enameled terracotta. Its silhouette is composed of a circular ceiling mount connected to the matching diffuser support by means of a metal arm. Warm illumination is provided by the lightbulb hosted in the clear glass diffuser.
