NUVOLA FIVE LIGHTS CHANDELIER

\$5,500

DESCRIPTION

Marked by a streamlined silhouette and unconventional design, this exceptional light pendant will be a radiant touch in any interior. The set of five pendant lights boast a minimalist shape, defined by a bent brass tube, accented with a hand-blown glass orb and a wooden stopper with strands of horsehair. Each pendant is supported by a hand-knotted calfskin strap fastened to the top of each brass tube. The brass is brushed with a wax coating that slows the oxidation process and creates a finish that ages gracefully over time. This piece is handmade to order and can be customizable upon request.
