NUVOLA ROSSA BY VICO MAGISTRETTI - BEECHWOOD

\$5,920

DESCRIPTION

Nuvola Rossa - Bookcase. Designed by Vico Magistretti, this bookcase with its simple, cleancut lines was the outcome of a detailed analysis of the classic model featuring side supports and shelves. This piece is an icon of design, yet also a veritable invention in terms of construction: the diagonal bracing struts become the support structure, and house the shelves, eliminating the need for side supports. Putting the focus on the hinges and the six shelves, the structure, which can be folded away, can also be used as a room-divider. Its elegant and primary aesthetic, timeless and easy to read, has made the Nuvola Rossa an undisputed design icon since 1977. It has been imitated several times as an example of simplified function achieved via an interplay of shapes.

DETAILS & DIMENSIONS

- Material: Wood
- Dimensions (in): W 39.37 x D 15.55 x H 75.59
- Dimensions (cm): W 100 x D 39.5 x H 192
- Handmade In Italy
