OCCHIO PER OCCHIO SCULPTURE

\$190

DESCRIPTION

The striking blue and white enamel that seems to drip down the smooth silhouette of this unique sculpture evokes the shiny surface of an eye, hence the name ("An Eye for An Eye" in Italian). This elegant decorative object was crafted of Etruscan fireclay and it is ideal to be positioned on the floor, either indoors or outdoors, to adorn a rustic home or a contemporary patio. Either alone or paired with the Occhio per Occhio Striped Sculpture, this piece will make a sophisticated statement.
