## OCTOPUS GLASS

\$150

### DESCRIPTION

This octopus glass can be combined with the octopus pitcher to make a striking statement on any dining table, whether in a contemporary or classic decor. This delicate water glass is crafted entirely in transparent glass and it features a seamless and sinuous shape which bulges at its round bottom and slightly tapers towards its lip. Attached on the side of the glass is an exquisite rendering of an octopus climbing its way up the side of the piece.
