OKEANOS BLACK AND WHITE DECÒR TABLE LAMP

DESCRIPTION

Fine ceramic from Nove (Vicenza) takes the shape of shells, corals and sea creatures straddling myth and reality, to decorate a timeless amphora. The sea, ancient art, and Classical Antiquity, reimagined with a modern eye, join forces with hi-tech LED lighting to create an elegant desktop lamp of unique allure, name after the primeval sea god. Thanks to its innovative touch system, the lamp's Plexiglas pane can be switched and adjusted by touching the ceramic pedestal.
