### OLTRE IL MOVIMENTO CANDLE

\$460

#### DESCRIPTION

A unique decorative piece, this candle will add a striking accent to a modern or contemporary decor and will make a superb gift. It was crafted entirely by hand using refined paraffin wax to which were mixed natural essential oils to create an elegant scent that is enjoyable also when the candle is not lit. When lit, the cylindrical shape of the piece will filter the light shining from within through the stunning textured surface that was made with the cold-inlay technique using two waxes of different colors.
