ONE LITER WINE BOTTLE

\$1,480

## DESCRIPTION

This elegant interpretation of an iconic dinner table object is made entirely in silver. The classic one-liter bottle, that is a staple of old-fashioned trattorie throughout Italy, is given a sophisticated upgrade. The surface of the silver was lightly hammered to give it a gently wrinkled texture, while the center is engraved with the emblem that traditionally mentions the quantity of liquid contained. Playful and classic, this piece will enrich any decor.
