OPTICAL SQUARE COFFEE TABLE

\$1,320

DESCRIPTION

Part of the Sepha Collection, this limited-edition coffee table is distinguished by a hand-decorated wooden top where optical patterns and Art Deco-inspired motifs merge and are embellished with ink-blotted pops of colors to create the alluring composition. The top is mounted on a metal frame with a natural rusty finish and whose profiles match the edges of a parallelepiped. A special resin is applied to the 3cm-thick top. Authenticity certificate included with purchase.
