OPUS GARDEN SOFA BY CARLO RAMPAZZI

\$7,310

DESCRIPTION

This elegant sofa is part of the Opus Garden collection, specifically designed to be used outdoors, thanks to the protective rust-resistant treatment on the iron structure of its pieces. The iron has a bronze color and bends to form the tapered, saber-shaped legs and the gentle curves of the armrests and back. This sofa is an ideal addition to a patio or terrace and can be combined with the other items in the same series. The iron can have a lacquered finish and the sofa is available with or without its cushions, please ask the Concierge for options and pricing. Designed by Carlo Rampazzi.
