OPUS GARDEN YELLOW SOFA BY CARLO RAMPAZZI

\$7,310

DESCRIPTION

A fine example of skilled craftsmanship and innovative design, this outdoor sofa boasts a highly graphic and sculptural design that will stand out in a modern garden, patio, and pool area. The frame consists of iron rods bent by hand to form a sinuous silhouette recalling classic tub sofas, with generous seat, curved back, embracing armrests and cushions in matching color that deliver surprising comfort. Finished in a vivid yellow hue, the frame has a protective, rust-proof coating to ensure long-lasting relaxing time outdoors during the summer season.
