Sbigoli Terrecotte Firenze

ORCIOLO VASE WITH RED FLORENTINE FLEUR-DE-LIS

\$190

DESCRIPTION

This vase was crafted and decorated by hand by master artisan Lorenza Adami in Sbigoli's workshop near the Duomo in Florence. Its shape and decorations are inspired by the pottery tradition of Italian Renaissance, with a sinuous silhouette highlighted by two curved handles and painted with a delicate color palette of blue, yellow, burgundy, and turquoise over a white background with a red fleur-de-lis, symbol of Florence, in the center. Either as a flower vessel, decorative object, or unique pitcher, this will be a superb addition to an elegant interior.
