DESCRIPTION

This exquisite set of two white wine goblets was designed by Ettore Sottsass Jr. in 1999 as part of the Orfeo Collection of elegant pieces to enliven a modern dining table. Combined in multiples and with the other sets of the same series, the interplay of different thicknesses and bold proportions is a pleasure for the senses, enhanced by the transparent brightness of crystal. Each piece is crafted by hand using traditional methods and measures 136 mm in height and 82 mm in diameter with a capacity of 15 cl.
