## ORIENTAL FLOWERS COFFEE TABLE

\$9,360

### DESCRIPTION

Inspired by the timeless sophistication of fine Asian art, this square coffee table is an elegant piece around which both a modern and a classic living room can be built. The color combination of gold and black is refined, highlighted by precious Dedar fabric that creates the background for the decoration made of floral motifs in steel and metal. The edge is in iron with a brass color and a galvanized finish. The top is protected by a tempered, extra-clear glass panel.
