**ORIENTE ITALIANO IRIS POTICHE VASE WITH LID**

\$680

## DESCRIPTION

This superb vase with lid is part of the Oriente Italiano collection. The sinuous volumes of the porcelain vase and its domed-shaped lid are graced by a pattern that combines an exotic design, evocative of the Far East, with a stylized rendition of the carnation, a staple in the Florentine pottery tradition. The graceful hues created by the combination of pale blue background and deep blue decorations, obtained with the airbrush technique, will add delicate sophistication and timeless allure to any decor.
