ORIENTE ITALIANO IRIS SET OF 6 FRUIT BOWLS

\$690

DESCRIPTION

This stunning set of six fruit bowls is part of the Oriente Italiano collection, a series of harmoniously balanced decorations inspired by the Far East, combined with the tradition of Florentine pottery. The deep blue-colored decoration was applied on the pale blue background using the airbrush method and creating a delicate dance of patterns completed with gold accents. It is possible to combine this set with the others in the same series for a superb final effect.
