GINORI 1735

ORIENTE ITALIANO MALACHITE POTICHE VASE WITH LID

\$950

DESCRIPTION

An ode to the allure of exotic landscapes and to the sophisticated Far East aesthetic, the decoration of this elegant vase is part of the Oriente Italiano Collection. By mixing the theme of the carnation, a flower staple of the Florentine pottery, and the delicate composition of Chinese-inspired ceramic tradition, this motif imbues sophistication to the rich curves of this stunning vase with lid. The dark blue decoration is obtained with the airbrush technique on a vivid green background.
