ORIONE WHITE ARMCHAIR

\$6,680

DESCRIPTION

Part of the Orione collection of striking seats, this armchair will be a stunning addition to a modern or contemporary decor. Either as accent chair in an entryway or bedroom, or as an elegant extra seat in a living room, this piece can be displayed against a wall or at the center of any room, thanks to its elegant metal structure coated in 24k gold that creates a unique pattern of crossing rods in the back, connecting the base with the armrests. The cushion is upholstered with off white velvet for a sophisticated final effect.
