\$4,190

DESCRIPTION

Part of the Orione collection, this low side table will enrich the look of any home. Either in a classic or contemporary living room, alone or paired with the Orione Tall Side Table, this piece will be a luxurious accent between two chairs or by a sofa, bringing sophistication to a room, thanks to the precious glow of the 24k gold coat of its metal structure. The U-shaped base supports two diagonally crossing pairs of legs on which the Calcutta Oro top rests.
