Tessile Medusa

ORO CENTRALE ECRU AND GOLDEN CUSHION

\$305

DESCRIPTION

This sophisticated artisan cushion fashioned of fine cotton is as sober in its geometry as it is captivating in its weaving quality. The ecru backdrop is boldly accented by a horizontal, raised band in a texture of grape-like stitches hand-woven by following an ancient Sardinian technique aptly called "pibiones" - the word in local dialectal for grapes. Coherent versions with different geometric detailing are available, please check the Artemest catalog.
