OSCAR MARBLE TOP TALL SIDE TABLE

\$5,640

DESCRIPTION

This tall side table plays with the contrast between dark and light colors, straight lines and curves, to create a glamorous style. The classic design of the wooden structure, defined by a precious ebonized finish, is enriched with a polished, gold metal base connected to the metal ferrules of the slim, tapered legs. Completed by a circular top made of white Calacatta Vagli marble top, with delicate gray and amber veining, the contrasting finishes and colors create an elegant effect that will add a sophisticated flair in a modern or classic living room.
