### OTELLO SALT & PEPPER TALL MILLS

\$615

#### DESCRIPTION

A striking addition to a contemporary kitchen or minimalist dining room, this set of salt and pepper mills is eye-catching and sophisticated, while also providing a precious service while cooking and seasoning. The stainless steel cylindrical structure at top and bottom is clad in leather and features a metal knob with a bronze finish at the top, while the central glass cylinder allows monitoring of its contents. Thanks to the ceramic grinder, it is possible to obtain a fine to coarse texture. Other metal finishes are brass and chrome.
