TIGER MENAGERIE OTTOMANE PORCELAIN DINNER PLATE

\$80

DESCRIPTION

This plate is inspired by the menageries (zoos) kept and curated by Sultans during the Ottoman empire, hence the name of the collection. Symbol of elegance and royalty, this plate features a red tiger rendered in full color prowling through a red-toned landscape with palm trees and verdant shrubs. Handcrafted entirely of porcelain, this superb plate can be combined with others of the Ottoman Menagerie series for a superb effect on a dining table that infuses historical and sculptural appeal.
