OTTOMANE MONKEY PLATE

\$70

DESCRIPTION

A superb accent to enliven any occasion, this plate will add a pop of color and a dynamic quality to both a traditional and a contemporary dining table. This elegant porcelain plate is part of La Menagerie collection and depicts one of six designs that evoke the splendor of the palaces of the Ottoman' Sultan, particularly his private animal reserve. In this case, a monkey, rendered in all her striking detail, strolls with her sinuous tail curled up. The blue-black of its coat striking contrasts with the white and red background.
