OVERSIZED RING CHANDELIER

\$24,950

DESCRIPTION

Part of the Ring collection, this exquisite chandelier is inspired by the art deco style and infused with romantic elements. The structure in metal has a polished brass finish completed at the top with a small ring connected to two layered rings. These rings support 24 E14 LED and three GU10 LED bulbs, all encased by shades and vertical supports superbly manufactured of Italian, hand-carved crystal. A dramatic cascade of Swarovski Elements or Swarovski Spectra crystal connects top and bottom rings for a dynamic final effect.
