**PABLO WARDROBE BY ELENA CUTOLO**

\$6,380

## DESCRIPTION

A tribute to Pablo Picasso and his watercolors, this colorful wardrobe was designed by Elena Cutolo for the collection "A Moveable Feast, Paris in the Twenties". Crafted entirely of aluminum, the tall, rectangular frame has a dramatic black finish that highlights the 12 colorful disks, arranged on two vertical lines, that grace the front panel. Raised on a plinth, this wardrobe combines function, innovation, and style into a perfect contrast of colors.
