PALAZZO VECCHIO TAUPE TABLE LAMP

\$1,360

DESCRIPTION

The masterful use of geometric shapes and motives characterizes this exquisite table lamp of the Palazzo Vecchio Collection. Crafted of fine white porcelain, its statement silhouette is graced by an eye-catching taupe pattern of circles connected by straight segments that strikes with its orderly design. The matching lampshade maintains a squared design and softly diffuses the light produced by the E27 mx 100W bulb.
