\$25,025

#### DESCRIPTION

From the Paesaggi Italiani Collection, inspired by the enchanting landscapes of Italy, this piece designed by Giovanni Luca Ferreri depicts the island of Sicily. This two-drawer sideboard boasts a rectangular silhouette with hand-decorated, extra-clear glass panels with various shades of black and partially mirrored with an antiqued finish. The doors open to reveal multilayer panels in solid fir wood finished with dark brown color and varnished with a matte coating. A sleek metal structure with a copper satin finishing supports the piece, bringing out the subtle pink tones in the glass.
