## PAPALINA PINK TABLE LAMP

\$515

### DESCRIPTION

Part of the Papalina collection, this table lamp was crafted by hand using mouth blown borosilicate glass. The bottom part of this elongated ellipsis was first sanded, then given a bright pink color, using pigments specifically designed for glass. The result is a charming piece that mixes minimalism and architectural structures to make a statement in any room in the house, specifically if contemporary. The halogen bulb is E27 (max 40W), with a cable 180 cm long.
