PAPAVERO BRASS FLOWER SCULPTURE

\$260

DESCRIPTION

True elegance comes in simple forms, like this delicate poppy flower sculpture handcrafted of polished brass with hand-folded brass petals on a long stem supported by a round base. Combining the lightness and fragility of this iconic flower with the strength and durability of the metal, designer Gherardo Frassa has created a sophisticated sculpture that will make a statement in any room of the house, from entryway to living room and even bedroom. Each piece is unique and signed under the base. Available in two sizes.
