DESCRIPTION

Entirely handcrafted in Sorrento using a marquetry technique still practiced by only a few artisan masters, the Partenope Collection of tables revisits the 18th century patterns in a contemporary way. Using a classic color combination of blue, gray, and white, the simple square wooden frames are enriched with an inlaid top with a bold, white line separating the two solid-color sections. Dimensions: 40 x 40 x 40 cm and 33 x 33 x 33 cm. Stunning in their simplicity, these two tables will heighten the artistry of any space with their bold lines and alluring design.
