PASO DOBLE NATURAL FOLDING CHAIR BY ENRICO DAVIDE BONA

\$642

DESCRIPTION

This stunning chair was designed by architect Enrico Davide Bona and introduced at Milan Design Week 2001. Part of the itinerant museum I-Dot-Italian, Design on Tour, this piece traveled to the ICFF in NYC and the NeoCon in Chicago. Its svelte silhouette is crafted of ply beechwood with a natural finish and is inspired by the light movements of a tango, adding elegance to a modern decor. This versatile piece folds, becoming a precious addition in any room, where it can be stored and used when needed or displayed for a dynamic effect.
