PEACOCK PLUMAGE VASE WITH 24K GOLD

\$325

DESCRIPTION

This majestic vase is a unique piece whose dynamic texture, made by a decoration of feathers, is entirely hand-painted. The deep blue and vivid green of the enamel are reminiscent of the colors of a peacock and are wonderfully complemented by the black interior of the vase and the precious 24k gold finish of the plinth base. This sophisticated piece is a luxurious addition to a modern decor or a more classic ambiance.
