## PENDULUM SCULPTURE

\$690

### DESCRIPTION

This exquisite sculpture will be a striking addition to a contemporary decor. A three-dimensional rhombus hangs from a semi-circular structure attached to a round base - both in unpolished iron. Made of extruded polyurethane with a stucco finish that gives it a dynamic texture, the piece has a gold leaf finish. A top clear epoxy resin coat adds a glossy and warm final effect. This special piece will make a statement in a modern living room, entrance, or study.
