PENNA DI PAVONE JAR

\$240

DESCRIPTION

This ceramic vase features a classic pharmacy jar-like shape and it comes complete with an elegant lid. It was completely made by hand and was inspired by the characteristic style of the late-medieval period. The hand-painted decoration featured on this vase is a series of multicolored bands of peacock feathers, enhanced by the words "Aqua di Salvia", written within a yellow band at its base. This piece is not suitable for food, it is solely decorative.
