DESCRIPTION

The richness of the inlays gracing the top of this sophisticated box results from masterful handcrafted work and a combination of white maple, oak, mahogany, walnut, and wenge woods in an abstract design. Part of the Classica Collection that includes pieces named after the whirlwind of emotions aroused by love, this square box is entirely crafted by hand with a rosewood frame and a hinged top with a steel key. Lined internally with soft Alcantara eco-leather, this exquisite box can be accessorized with dedicated inserts for any jewelry and watches available at additional cost.
