PEPITE FUMÉE EARRINGS

\$4,030

DESCRIPTION

Eye-catching and feminine, these earrings are crafted of 18k pink gold with brown diamonds (total carat weight of .18) that adorn the post in the shape of a delicate rose with a bud. The pendant is a nugget (hence the name of this pair, nuggets in Italian) covered in mounted diamonds (.14 carat), whose bottom creates a series of circles supporting a stunning smoky drop-shaped quartz, around which the gold coils in a sensual curve.
