PESCE DEGLI ABISSI SCULPTURE

\$490

DESCRIPTION

This unique collector's sculpture will be a stunning display on a wall in a living room, foyer or private studio. The unusual shape features a series of decorative elements on an ivory background that convey the dedicated craftsmanship and passion of the artisan. Representing a fish in symbiosis with other marine creatures, this sculpture is handcrafted of ceramic with coiled accents and rings in a captivating colored enamel obtained with a second firing. Supported by a brown plywood back, the combination of the glazed surface texture and shapes produce high visual impact.
