PESCE PALLA YELLOW SCULPTURE #2

\$720

DESCRIPTION

This eye-catching sculpture of a puffer fish will bring a charming touch to any room when displayed on a side table, bookcase or console. The body is a recycled glass bottle with a rotund shape and a narrow neck, whose surface is etched with semicircles to evoke the fish scales. White grès with a vibrant yellow enamel finish is used to handcraft the head, fin, and tail of this remarkable piece from the Bestiario OGM collection. The conical glass base is the perfect support to showcase this appealing object that can be displayed with others with the same theme.
