TABLETOP : TABLEWARE : DINNER PLATES

*Luca Leandri*

**PESCI SET OF SIX PLATES #1**

\$550

## DESCRIPTION

Drawing the line between art and design, this whimsical plate will add a charming note to any tableware collection. Inspired by artist Paul Klee's iconic Expressionist style, this plate features an array of multicolored fish with angular heads and tails and long, rectangular bodies. Seemingly drawn with colored pencils, the handmade texture of the plate evokes a playful aesthetic that transports into childhood. The set can be customized by choosing the various motifs available.
