Luca Leandri

PESCI SET OF SIX PLATES #3

\$550

DESCRIPTION

A charming display of artistry, this plate from the Pesci ("fish" in Italian) series is a colorful addition to a traditional or monochromatic table collection. Designed with child-like creative freedom, the plate features drawings of quaint fish with outlined, angular heads, tails, and bodies filled with dynamic brushstrokes. The splatters add a delicate finishing touch to this piece of functional decor. Changes in color, design, and hues are signs of an entirely handmade, one-of-a-kind crafting process. Customization available by choosing a different motif for each of the six plates.
