LIGHTING : FLOOR LAMPS

Astrid Luglio

PHILTRUM FLOOR LAMP

\$2,150

DESCRIPTION

Part of the Philtrum Collection created in collaboration with Turin-based perfume maison Tonatto Profumi, this stunning piece is a unique combination of lighting fixture and scented object that will infuse ambient light and a delicate fragrance in any interior. Handcrafted of brass with a slender and minimalist structure, this lamp features a cylinder base with a long rod supporting a cylindrical lampholder socket. The lampshade is made of a round paper filter held by a four-pronged structure made of thin, curved brass rods that is saturated with essence during the production process.
