PIANETI LARGE SERVING DISH

\$290

DESCRIPTION

Inspired by the planets of our solar system, this collection of plates will add a one-of-a-kind decoration to a table. The glossy background of the plate was painted by hand with a grey rim and a central symbol of the planet Uranus. The elegant grey, black, and white color combination makes this piece a perfect addition to a modern home, where it can be combined with the other pieces from the Pianeti collection. It is possible to pair this dish with a linen napkin in the same series.
