PIANI CONSOLE

\$17,980

DESCRIPTION

An exercise in elegant minimalism, this console was designed by Jun Yasamoto and crafted entirely of steel. Combining the strength and durability of this metal with a lightness that gives it a strong visual impact. Either as a welcoming piece in a contemporary entryway or as an accent table in a living room, this console will imbue a room with sophistication. The chromed-mirror finish will uniquely reflect the surrounding light in dynamic ways. This striking object of functional decor is also available with a matte-black finish or metallic silver finish - please ask the Concierge for details.
