PIANOFORTE CHANDELIER

\$12,650

### DESCRIPTION

An imposing and stunning piece of functional decor, this chandelier will make a statement in a contemporary decor. Either positioned on top of a dining table or to give a welcoming light to an entryway, this piece will create charm and a retro-chic ambiance inspired by the glamour of Venice in the 60s. The standout element of this lamp is a series of trihedron glass pieces positioned asymmetrically on top of a structure in metal with a dark nickel finish. The structure hangs from steel cables 100 cm long. The light comes from 16 G9 LED bulbs.
