PICKWICK III VASE

\$360

DESCRIPTION

Vincenzo D'Alba and Antonio Marras deigned this ceramic vase from the Pickwick Collection inspired by the characters from the namesake classic by Charles Dickens. A combination of exquisite craftsmanship and artistic flair, this piece boasts a pure white, linear silhouette that serves as a canvas for the hand-drawn figure. The black and white drawing with traces of magenta and gray and a watercolor-like splash of brown are a suitable color palette for any minimalist or modern interior decor.
