\$12,560

DESCRIPTION

A stunning accent to a modern bedroom, this retro-chic six-drawer chest is a variation of the Louis 3-Drawer Chest and the Marcel 6-Drawer Chest. Its structure in wood has a stunning ebony veneer that highlights its delicate curves and is adorned with inserts in metal with a rose gold finish. The standout feature of this piece is the top tier of drawers and their sides, covered with an elegant beige leather. The wood can have other veneers and the top can also be in marble. Other finishes are available for the metal and the upholstery can also be in fabric. Please ask the Concierge.
